**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We want a Perfect competition market instead of few telecom carriers who dominates over the market and customers like us are forced to buy and stay with them even if they charge higher price and also if they are not providing us with the quality service as there are only 2-3 carriers present in most of the locations.

We have SONIC as an ISP in one of our clinic and we truly appreciate about the service they are giving in such a competitive price.

We are growing as a business as a society and as an individual and we want more and more carriers in the market to give us the QUALITY we deserve and it will not be possible until and unless we are not shifting from Oligopoly market to Perfect competition market.

It's our humble request to not cut-off the market for these carriers.
